EDUCATION

Dr B R Ambedkar National Institute of Technology

Bachelor of Technology in Computer Science and Engineering

Jalandhar, Punjab

Nov. 2021 – May 2025

EXPERIENCE

Frontend Web Developer Intern

June 2024 – August 2024

Hfactor

- Designed and delivered the Refer & Earn feature from development to production, enabling scalable referral-based user acquisition.
- Developed reusable React.js and Next.js components following modular architecture and frontend best practices.
- Collaborated with product and design teams to analyze user behavior and continuously improve referral workflows.

PROJECTS

DWF India | *Next.js, React, Node.js, Express.js, Firebase, PostgreSQL*

[Live](#)

- Designed and developed a production-ready full-stack platform for Doctors Welfare Federation of India(DWF India) serving organizational website, membership management, and admin operations.
- Engineered role-based access control, automated DWF ID generation, digital certificate generation, and content management workflows.
- Built scalable REST APIs and integrated Firebase Storage for secure media management.
- Enhanced application performance through server-side rendering, lazy loading, optimized image delivery, and responsive UI implementation.

Crazinos App | *React Native, TypeScript, React Query, Firebase, Supabase, Zustand, Axios*

[Play Store](#)

- Contributed to the development of a scalable React Native application supporting contests, quizzes, reward systems, short-video content, and e-commerce features.
- Implemented reusable mobile UI components and integrated RESTful APIs, authentication, Firebase services, and dynamic content rendering.
- Collaborated in feature development, production debugging, and release cycles while maintaining code quality and application stability.
- Participated in testing, bug fixing, and performance optimization across Android and iOS platforms.
- Contributed to a production-scale React Native application with 100K+ downloads, 9K+ reviews, and a 4.8 star Google Play rating.

NEET UG Platform | *Next.js, Node.js, PostgreSQL, Prisma, Redis, Tailwind CSS*

- Built a comprehensive platform helping medical aspirants explore MBBS colleges, cutoffs, fee structures, rankings, and admission insights
- Designed scalable REST APIs and optimized PostgreSQL queries using Prisma ORM for efficient filtering, searching, and data retrieval.
- Implemented a role-based admin dashboard to manage colleges, courses, exams, news, and dynamic website content.
- Developed responsive and reusable UI components using Next.js, TypeScript, and Tailwind CSS while optimizing SEO and page performance.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, SQL, Python, C/C++, R, HTML, CSS

Frameworks: React.js, Next.js, React Native, Node.js, Express.js, Tailwind CSS, NativeWind, Shadcn UI

Databases: PostgreSQL, MongoDB, Firebase Firestore, Supabase, Prisma ORM

Tools & Platforms: Git, GitHub, Docker, Firebase, Vercel, Railway, Postman, VS Code, Xcode, Android Studio
